A Baildon Citizen

As part of God's family, our pupils' lives are underpinned by key Christian values as they strive to make a difference within the school and community. Through setting clear expectations for behaviour and attitudes, our pupils are supported in their personal, emotional and social growth. They take ownership of their behaviour and actions, recognising the positive and negative impact they can make and developing an intrinsic understanding of what it means to be a good citizen in the modern world.

Our school's motto of SOAR places an emphasis on the importance of Support, Opportunities, Achievement and Respect: respect for Christian values; respect for one and other; respect for the school resources; respect of school adults and respect for the world around them. This helps pupils build up an understanding and awareness of the value of personal relationships, emotions and resources as they learn the need to give back into society as much, if not more, than they take. By embodying the concept of SOAR, our children develop confidence as well as physical and mental health, further empowering them to have a positive impact on the school and world they inhabit.

A Baildon citizen sets a good example through their love of learning and desire to seize opportunities. A love of personal achievement alongside pride in others' successes permeates throughout our school – driving others on to aim high and realise their potential. Whether this is in their academic endeavors, extra curricular activities or in their creative work, this culture of excellence and love of personal growth makes Baildon a happy and supportive environment where all children can thrive - developing pride in personal achievement and a love of success for the school and local community

Thanks to our pupils' behaviour and attitudes to school life, Baildon Church school is a safe and calm environment that allows our learners to thrive, develop resilience in the face of challenges and reach for excellence.
