Please email the office prior to the evening if you require any support accessing the system.

Should the technology for the video appointment not work, your child's class teacher will contact you via phone at your allotted appointment time. Please can we ask you not to contact school if you encounter problems as this will hamper the process. If problems are encountered towards the end of a video call, the teacher will phone you back at a later date if required.

We hope the evenings are a success and that technology does not fail us. Thanks for your continued support.

Yours sincerely

Mrs K Savage
Headteacher
